

Structural Commercial Brine Tanks

For Brine and Chemical Storage

Structural's rotomolded brine tanks offer a heavy duty design for residential and commercial applications. The tanks come in black, which has natural UV protection. Durable FDA approved materials and quality production technology guarantee trouble free performance.

Benefits

- Attractive heavy duty design
- Rotomolded from FDA approved, rigid high impact nontoxic polyethylene to give exceptional stress-crack properties providing years of trouble free service
- Structural brine tanks can be shipped with other water treatment components to reduce total shipping cost
- All brine tanks are shipped in a durable re-shipper carton
- Optional molded salt grid promotes uniform brining and reduces salt bridging
